What's in a Name?

W. A. Greenough established a directory business under his own name in 1862 and since that time, 66 years ago, we have carried his name. The present Corporation of W. A. Greenough Co. succeeded W. A. Greenough & Co. in April, 1923, and are publishing the same directories under the "Greenough" system, so well known all over New England.

The Green "O" is a distinctive sign in the Directory business and carries service second to none.

No Directory Library is complete without it.

We have experienced foremen and employees in every department and we spare no efforts in improving the service furnished with this name.

Recognizing the value of a House Directory, we were among the pioneers to include that additional service in the single volume, and we furnish the wives' names in all our publications.

HERE is what Peter Cooper, who died worth many millions, said of a local newspaper and Directory: "In all towns where a newspaper and Directory are published, every man should advertise in them, if nothing more than a card stating his name and the business he is in. It not only pays the advertiser, but it lets the people at a distance know the town in which you reside is a prosperous community of business men. As the seed is sown so the seed recompenses. Never pull down your sign while you expect to do business."—Exchange.

WHAT DO YOU DO WITH THE OLD DIRECTORY

Why not take the old book home now that the new one is out. Many of our subscribers are doing this and tell us it is quite as necessary to have one in the home now as in the office.

THANK YOU!

Your Wife will find many uses for it. She can look up the people she meets and find out who's who in your city. She will use it for invitations, addresses, streets, etc.

THANK YOU!

Your Daughter can look up her friends, their parents, club, church and society data, and miscellaneous information of all sorts. Find strange streets and exactly how to reach them.

THANK YOU!

Your Son will find it both interesting and instructive. It will settle many a friendly argument.

THANK YOU!

The Old Folks can look up their old friends, the various facts concerning the city, and they will marvel at the city's wonderful growth.

You Will Use It Yourself
and the folks will thank you for bringing it home

HERE is what Peter Cooper, who died worth many millions, said of a local newspaper and Directory: "In all towns where a newspaper and Directory are published, every man should advertise in them, if nothing more than a card stating his name and the business he is in. It not only pays the advertiser, but it lets the people at a distance know the town in which you reside is a prosperous community of business men. As the seed is sown so the seed recompenses. Never pull down your sign while you expect to do business."—Exchange.

Nothing Succeeds Like a Successful Consolidation

DOCKHAM'S American Report and Directory of the Textile Manufacture and Dry Goods Trade is now consolidated with **DAVISON'S TEXTILE BLUE BOOK**. Established in 1866 and published continuously by two generations of the Dockham family, Dockham's was known as the original and the oldest Textile directory of this country. **DAVISON'S TEXTILE BLUE BOOK** for forty years has been widely used in every branch of the industry.

The new consolidated issue!

Both volumes are now in one great register of over 2,200 pages containing the features of both former well-known books — and the price is only \$7.50 for what formerly cost \$8.00 and \$7.50, or a total of \$15.50!

Nearly four thousand local buyers have been added to the cotton list. The entire American list of Merchants, Brokers, Shippers and Exporters has been carefully revised. The foreign list has been checked personally in the leading foreign cotton centres by our own representative.

A new Alphabetical Index to all main offices in the United States enables you to locate any cotton firm in an instant.

Another important new section gives reports of cotton compresses and warehouses with insurance classifications and ratings.

Spinners reports show in many cases kinds of cotton used — Maps show mill locations — Tables show spindles and looms by states.

Order your copy before this limited 41st edition is sold.

The City Directory

*Represents
Conditions
Today —
History
Tomorrow*

The men who direct the affairs of the city and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the world as no other publication does or can do. It is the logical means of publicity in advertising the city, its industrial, commercial and social advantages. Patronize the City Directory and you automatically boost your own business.

The sign over your door is a mighty good investment, but just consider how much "mightier" investment the Directory offers you.

What's in a Name?

W. A. Greenough established a directory business under his own name in 1862 and since that time, 66 years ago, we have carried his name. The present Corporation of W. A. Greenough Co. succeeded W. A. Greenough & Co. in April, 1923, and are publishing the same directories under the "Greenough" system, so well known all over New England.

The Green "O" is a distinctive sign in the Directory business and carries service second to none.

No Directory Library is complete without it.

We have experienced foremen and employees in every department and we spare no efforts in improving the service furnished with this name.

Recognizing the value of a House Directory, we were among the pioneers to include that additional service in the single volume, and we furnish the wives' names in all our publications.
